F U L L S T A C K D E V E L O P E R

mensahkbiz@gmail.com | +233 548 456 600 | github.com/tontonvs | Accra, GH

Fullstack developer based in Accra, Ghana, building offline-first mobile apps and premium marketing websites with React, TypeScript, and Supabase. Comfortable across the full stack, from mobile architecture and backend data layers to motion-driven frontend design, with growing experience directing AI coding tools and building my own dev studio, noven.

SKILLS

Frontend: React, TypeScript, Tailwind CSS, TanStack Router/Query, Framer Motion

Mobile: Capacitor, Android build pipeline (Gradle, Java)

Backend & Data: Supabase, PostgreSQL, SQLite, Row Level Security

Cloud: AWS, Azure

Languages: TypeScript, C, Python

Tooling & DevOps: Vite, GitHub Actions (CI/CD)

Version Control: Git, GitFox

AI & Systems: Learning to direct AI coding agents (Claude Code) in real feature work

Media: Media editing

PROJECTS

noven

STARTUP / DEV STUDIO

React, TypeScript, Tailwind CSS | Live: [noven-digital.mensahtonton.workers.dev](#)

- Founded noven, a Ghana-based dev studio building offline-first apps, custom software, and cloud/automation services
- Built the site around a transparent, affordability-first pricing model instead of hidden quotes

Grace Connect

MOBILE APP

React, TypeScript, Capacitor, Supabase, SQLite, Tailwind CSS | Live: [grace-connect-streams.lovable.app](#)

- Built an offline-first church community app with a local-first SQLite sync layer for unreliable connections
- Implemented full list virtualization for smooth chat and feed performance at scale
- Set up CI/CD with GitHub Actions to automate Android APK builds

Yoglait

MARKETING + E-COMMERCE

React, TypeScript, TanStack Router, Supabase, Paystack | Live: [yoglait.mensahtonton.workers.dev](#)

- Built a cart-to-checkout ordering flow with Paystack payments and a WhatsApp order fallback
- Built a staff dashboard for order management, rider assignment, and delivery dispatch

Labianca Frost

MARKETING WEBSITE

React, TypeScript, TanStack Router, Tailwind CSS, Framer Motion | Live: [labianca.mensahtonton.workers.dev](#)

- Built a marketing site for a Ghanaian frozen foods company with an accessibility-conscious motion system
- Developed a recognition timeline component and an accessible FAQ accordion
